STEAMUP G4

fast-heating system, no more waiting
special care for all types of fabric

LAURASTAR[®]
You deserve the best.

Advantages for the consumer:

STEAMUP G4

No more waiting, more relaxing.

No more waiting to reheat after fill-up, thanks to its removable water tank and fast-heating system.

Fabrics last longer with a bit of tender loving care.

With the special coating on the soleplate, your clothes have never been so well cared for.

Before going out.

Vertical refreshing with the power of microfine steam.

Star-quality steam.

Professional results with the extra fine steam, leaving the material flat, smooth and dry.

More freedom than ever before.

Easy to iron in all directions thanks to the rounded soleplate.
